

## Rocking Wings and Winter Survival

This exciting two part US Coast Guard presentation will begin with Aircraft Intercept Procedures. Observe actual video segments produced by the military, that demonstrate what to expect if your aircraft is intercepted. It is essential that you have a good understanding of the procedures associated with an interception that may occur during flight. The second part of this presentation will deal with recommendations in preparing to survive the unexpected off field landing during winter operations. Please click on the link below to register for this event!

**Directions:** Please see map link for directions. Call 610 595-1500x240 after 3PM for any Weather cancel info.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASteam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
